Willow St. Mr. Likos described briefly the building location and layout. He explained that the building would be located at the site of a previous smaller building on the north side of the property near AL 35. Several area residents were present and voiced their concerns regarding traffic on the neighborhood streets to the south of the facility. The residents had no other issues after reviewing the drawings and getting the assurance regarding construction traffic.

There being no further questions, the Chairman called for a motion. Mr. Dolberry made a motion to approve the site plan with the stipulation that all the construction traffic enter or exit the site off of AL 35. Mr. Carlile seconded the motion.
